EXHIBITION GUIDELINES

Overview of the Congress & Convention Centre

SQUARE-Brussels Meeting Centre is one of the few venues ideally located in the city historical centre. 13.500m² of meeting space is housed in the extensive former Palais des Congrès, an elegant, architecturally significant building originally constructed for the 1958 World Expo. Many of the original features, including expansive murals by Paul Delvaux, René Magritte and Louis van Lint, have been carefully restored and are now juxtaposed with contemporary design conceived by a team of leading European designers.

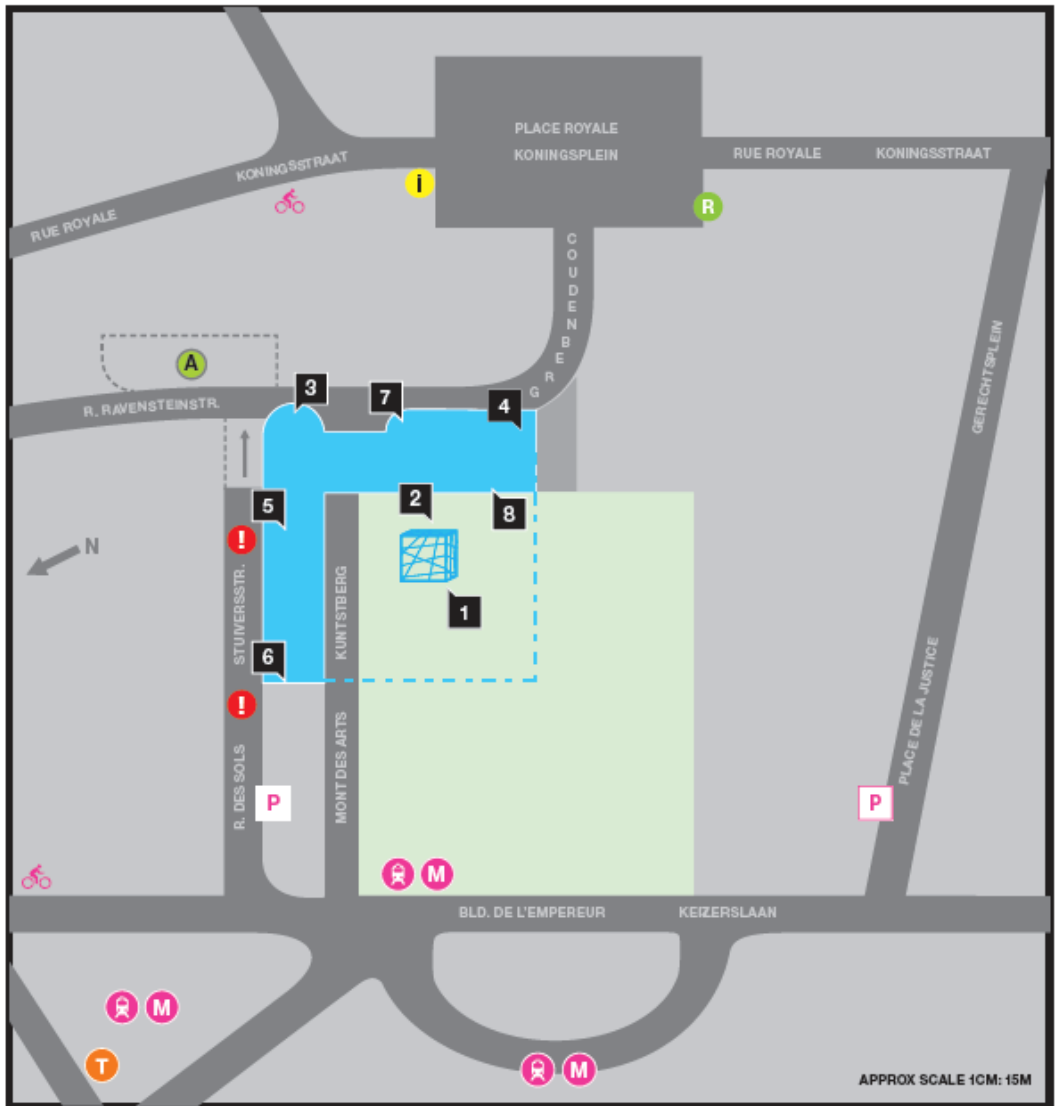

It provides its visitors with all the very latest amenities - from superb auditoria and exhibition space, to cutting-edge business technology. All this in a strikingly modern ambience. It offers an atmosphere that balances function, inspiration and serenity. With its spectacular views over the Brussels skyline, SQUARE is somewhere to inspire the mind to greater heights and ambition.

Unloading Information - Deliveries, storage and parking

Build-up and dismantling Information – HEAVY GOODS

Please note that the Congress Centre is situated in the centre of Brussels. It is therefore not allowed to send trucks of more than 8 meters length, since the delivery street is a dead-end and there is no parking space available. To avoid traffic congestion and to allow a fast and smooth move-in, an unloading slot will be required for all vehicles larger than a passenger car. Cars or small vans not higher than 195 cm can park in the fee-paying car park "Albertine / Albertina – SQUARE" which is directly linked to SQUARE. **Please fill in the attached move-in / move-out schedule form to obtain an unloading slot and return it to Ziegler Expo Logistics on 04/11/16 at the very latest.** The exhibitors will then be allowed to temporary park their lorry in the delivery street to load/ unload and use the **freight lift** located at the Rue des sols / Stuiversstraat 13, 1000 Brussels, of which dimensions are: **2.05m high, 2.20m wide, 6.7m long, 4000 kg max.** These limits must be respected by exhibitors and their subcontractors such as stand builders, transporters, etc. During deliveries, no obstacle may obstruct the automatic closure of the street-front shutters. See directional map in the following section of this manual: Access to SQUARE-Brussels Meeting Centre.

All trucks arriving without a slot can only unload and load once the full schedule has been completed. Note that there is no parking allowed out of the given unloading slot in the delivery street (rue des sols / stuiversstraat) or near the congress centre. Trucks need to be removed from the unloading area as soon as unloading has been completed. Otherwise, the vehicle will be immediately removed from the street by the local authorities. Trucks can park free of charge around the streets of Brussels' haven (**Avenue du port / Havenlaan – 1000 Brussels**).
